

Seminar on Renovation and Upgradation of the College Library

Rangia Teacher Training College organised a seminar on “**Renovation and Upgradation of the College Library**” on 16 October 2026. The seminar aimed to discuss strategies for modernising the college library, improving library infrastructure, enhancing access to learning resources, and promoting effective library services to meet the academic and research needs of students and faculty members.

The seminar was conducted by **Uninda Jyoti Choudhury, Librarian, Pragjyotish College**, who served as the Resource Person. The session provided valuable insights into the planning and development of a modern library environment to support teaching, learning, and academic excellence.

The programme highlighted the importance of continuously upgrading library facilities and resources to create a more accessible, learner-friendly, and technology-enabled academic space.
